Sir:

Reconsideration of the decision dated October 28, 2005 is respectfully requested.

In the Decision, it is stated that MPEP § 1893.01(d) requires that the "translation must be a translation of the application as filed..." That is exactly what was done in this case. That is, the national phase application included a copy of the PCT application (PCT/EP00/05270) which included 22 claims. The subsequent translation provided by the undersigned included 22 claims. The fact that the published international application had 20 claims is irrelevant since the publication (WO 00/76763) occurred later. The translation must be of the PCT application as filed not as published, and this condition was complied with.

Accordingly, the Notice of Abandonment should be withdrawn.

Respectfully submitted,

Felix J. D'Ambrosio
